

DTT HGV Practice Test Questions and Answers

1. Can a daily rest be taken in a vehicle?

- A) Yes — if the vehicle is stationary and has a suitable sleeping berth
- B) No — daily rest must always be taken in approved accommodation
- C) Only in the cab if the journey is less than 500 km
- D) Yes — but only the reduced 9-hour rest may be taken in the vehicle

2. When must the 45-hour weekly rest begin?

- A) Within 6 consecutive days from the end of the previous weekly rest period
- B) At the end of the working week (Friday evening)
- C) After 56 hours of accumulated driving
- D) At a fixed time set by the employer

3. What is the 'unladen weight' of a vehicle?

- A) The weight of the vehicle when empty of payload, including the body, fuel, oil, water, spare wheel, and standard equipment
- B) The weight of the load only
- C) The maximum weight the vehicle can carry
- D) The weight of the chassis without the body

4. What is 'blocking' as a load securing method?

- A) Using physical barriers such as headboards, sidewalls, stanchions, or chocks to prevent the load from moving
- B) Blocking the road while loading
- C) Stacking cargo as tightly as possible
- D) Using only straps without any physical barriers

Answers: 1-A 2-A 3-A 4-A
